Babylonian numerals - answer key

Check the method as well as the final value. Exercise pages can be printed without this page.

Name: _____ Date: _____

1. 65

2. 137

3. 709

4. 1220

5. 2401

6. 3599

7. Groups left to right: 1:24

8. Groups left to right: 6:46

9. Groups left to right: 21:20

10. Groups left to right: 1:0:5

11. Groups left to right: 1:21:12

12. Groups left to right: 2:13:19

Place digits are listed explicitly in the key. Convert each digit to the symbols from the exercise legend. Keep zero places: dropping an empty middle place changes the value.

Free for educational use: teachers may print and share the worksheets with their students.
